HEALTHCARE SERVICES

# Rehabilitations- zentrum Weyer

The Weyer Rehabilitation Center is a shining example of how an institution can sustainably and effectively create a smoke-free environment and contribute to the health improvement of its patients and staff. Their initiative and tireless commitment are exemplary and deserve our highest recognition.

**GOLD  
FORUM 2024**

## Comprehensive Strategy

The consistently implemented smoke-free strategy encompasses all areas, from clear communication of policies to the provision of support programs and regular staff training.

## Innovative Measures

The center relies on innovative methods for tobacco prevention and cessation, such as collaborating with external experts, providing nicotine replacement products, and integrating smoking cessation into therapy plans.
